**Subject:** ELC Money 4512-0180

Hi Eva,

I met with Linda and Grace and they approved the following amendments to the ELR REG 4512-0180 (5116) ELC contract plan.

DiagnosisONE: \$43,000 - This request will provide support and maintenance of the MDPH Electronic Laboratory Communications and Reporting (ELR) Component. The MDPH ELR System supports PHIN compliant HL7 Messaging, electronic order entry and reporting. The ELR System is also interfaced with the MDPH LIMS and Web Based Surveillance System, MAVEN. ELR allows laboratories and other health care partners with ability to check and receive reports electronically, view the status of test orders and submit test orders electronically.

McInnis Consulting Services, Inc. \$23,000- The Web Software Developer II/Web Architects (TV Ramada Reddy and Raveendra Pamujula ) will provide technical support for the development, implementation and support of the State Laboratory Information System (SLIS), BtB and IML LIMS. Duties include providing Provide VB, VB.NET, ASP.NET and SQL programming support for the development and deployment of the State Laboratory Information System (SLIS) BTB LIMS for the Viral and Molecular components, providing build management and version control using VSS for support for SLIS BtB and IML development, test and production environments, supporting the electronic exchange of critical laboratory influenza data to the CDC and other health agencies, report integration and training and assisting in the design of data reporting, remedies potential IT system issues and implements needed modifications.

Please let me know if you have questions.

Thanks...Dina
